

Authorization Form

Please review the following information before signing below.

Minimum Charge: \$ 480.00 - Covering up to 2,000 Sq. Ft. on a single property using our Green Supreme Seed Mix. See our [Price List](#) for pricing on larger areas.

Travel Fees: If you are located within 25 miles from us there is no fee. If you are located further than 25 miles add \$4.00 a mile for every mile over 25 miles. It will be our discretion based on work demand on how far we will travel at any given time.

Cancellations: If you decide to cancel a hydroseed installation you must let us know 2 hours before your appointment. We custom-mix our slurry before we arrive so it will be ready to spray. If your site is not ready or you decide to cancel our service once we have arrived a 20% fee will apply to cover the cost of materials already mixed in the tank. If work is completed at a later date this charge will be credited.

Payment: We accept: Cash, Checks, Visa, Master Card, American Express, and Discover Cards

Terms: Total amount is due upon completion of work unless otherwise specified. Interest of 1½ % per month (18% per annum) will be charged on the entire past-due balance after 30 days. Any applicable discounts will be retracted if payment is not received within 30 days. All unpaid balances will be turned over to collections after 90 days. If collection procedures are necessary, the client will pay all costs of collecting, including reasonable attorney's fees. A \$35.00 service charge will apply to all returned checks.

Limited Guarantee: Always Green, Inc. guarantees to our customers that we use the highest quality materials available for the hydroseeding process. Certified turf grass seed is applied in a mixture of water, high phosphorus fertilizer, hydro-mulch, tackifier, and other additives. The hydroseed slurry is applied evenly to your prepared soil using the most advanced hydroseeding equipment at the appropriate rates. If germination does not occur within 30 days of application (weather permitting) and seeds are proven to be nonviable we will re-seed one time or provide new seed at no charge under the following conditions: Potential problems must be brought to our attention within 30 days of application. Always Green, Inc is not responsible for weed competition or eradication. Not responsible for acts of nature, vandalism, diseases, or anything else beyond our control. This includes spotty germination as a result of soil compaction, torrential rains, drought or any other weather-related conditions. This guarantee is not valid for late-season dormant seeding when soil temperatures drop below 50°F.

A hydroseed care guide will be provided; it is the responsibility of the customer to be sure this guide is followed. This guarantee does not apply to seeds supplied by anyone other than Always Green, Inc.

The undersigned agrees that Always Green, Inc. has no responsibility whatsoever for any damage on roads, curbs, driveways or lots while entering or leaving the premises. Always Green, Inc will not be held liable for foreign material and/ or excessive aggregate that may be contained within topsoil supplied by third-party vendors.

By completing this form, you give Always Green, Inc. authorization to perform work on the property listed below.
